

VERMONT BLUE RX

SUPPORTING VERMONT PROVIDERS

Our pharmacists working in partnership with you.

Our pharmacists can help you navigate your patient's specific needs when it comes to their medications. We offer Academic Detailing to all network providers and Medication Therapy Management directly to your patients. This means, you have fully trained pharmacists standing by to answer questions and help you problem solve.

Our pharmacists:

- Work directly with you to help with academic detailing, clinical decision support, and prescribing guidelines.
- Provide additional support to you in the form of quick reference guides, educational presentations, patient panel reports, and more.
- Work directly with Vermonters to help them manage their medications through our Medication Therapy Management program.

We provide objective, focused support

WRITTEN COMMUNICATIONS

We provide you with up-to-date information on new drugs, guidelines and disease management. We will send these communications to you via fax, email, and phone.

WEBINARS

Our webinars connect you with other local and national experts and provide details on timely topics.

PERSONALIZED PRESENTATIONS

We provide your practice with personalized continuing education, academic detailing, and learning opportunities based on your patients and their specific needs, and we review data and create action plans for your patient panels.

PATIENT-SPECIFIC PLANS

We work 1:1 with your patients and provide them with education, support, and personalized recommendations to improve and sustain their health and wellness.
